## OBJECTIVE

---

I'm a dedicated software engineer crafting efficient, scalable solutions. Proficient in Java, Spring Boot, and SQL, I thrive in collaborative environments and excel at problem-solving. With a passion for innovation, I'm eager to contribute my skills to drive impactful projects forward.

## EDUCATION

---

**Bharati Vidyapeeth's College of Engineering** **2019 - 2020**  
**Electronics and Communication Engineering - 8.3 CGPA**

**Modern Public School** **2015 - 2019**  
**10th : 8.8 CGPA — 12th : 78.6%**

## SKILLS

---

<b>Technical Skills</b>	Core JAVA, Spring Boot, Hibernate, Spring MVC, Maven, SQL, Microservices
<b>Soft Skills</b>	Problem-Solving Abilities, Adaptability, Attention to Detail, Continuous Learning

## EXPERIENCE

---

**Accenture** Sep 2023 - Feb 2024  
Associate Software Engineer *Gurugram India*  
I have undergone comprehensive training in the Spring Boot framework, which has equipped me with valuable skills in developing enterprise applications using Java and the Spring Boot framework. This experience has honed my ability to create robust and scalable software solutions.

**Comviva** as an Intern Jan 2021 - Feb 2021  
During my internship with the Managed Services-Domain Project at Airtel Mobile Money, I was part of the team overseeing operations across 14 African countries. I was tasked with managing IT infrastructure and end-user systems.

## PROJECTS

---

[Link to my Portfolio:](#)

**Banking Application:** This Java Spring Boot application, integrated with MySQL, offers banking functionalities. Key Features: User Account Management with CRUD Operation — Deposit, withdraw, and transfer money between user accounts as needed — Apply for loans based on account balances, with automated processing. ([Git-Hub](#))

**Gym-Website:** I developed a gym website using HTML, CSS, and JavaScript, enabling users to register for workout plans. It provides detailed information about various facilities trainers offer, including cardio, Zumba, and calisthenics. The site ensures an engaging, user-friendly experience for fitness enthusiasts. ([Live-Demo](#))

**Library Management Application:** Using my Spring Boot and MySQL knowledge, I developed a seamless solution for managing users, books, and borrowing activities. This application empowers librarians to organize their collections while providing patrons with a user-friendly experience efficiently. Key Features: Effortless User Management — Comprehensive Book Management — Streamlined Borrowing Process ([Git-Hub](#))

## CERTIFICATION

---

- Google Cloud: Building Scalable Java Microservices with Spring Boot and Spring Cloud
- Oracle: Java Explorer Badge

## HOBBIES

---

Calisthenics, Photography, Sketching
