OBJECTIVE

I'm a dedicated software engineer crafting efficient, scalable solutions. Proficient in Java, Spring Boot, and SQL, I thrive in collaborative environments and excel at problem-solving. With a passion for innovation, I'm eager to contribute my skills to drive impactful projects forward.

EDUCATION

Bharati Vidyapeeth's College of Engineering   **2019 - 2020**
Electronics and Communication Engineering — 8.3 CGPA

Modern Public School   **2015 - 2019**
10th : 8.8 CGPA — 12th : 78.6%

SKILLS

Technical Skills	Core JAVA, Spring Boot, Hibernate, Spring MVC, Maven, HTML, CSS, JavaScript, SQL
Soft Skills	Problem-Solving Abilities, Adaptability, Attention to Detail, Continuous Learning

EXPERIENCE

Accenture   Sep 2023 - Feb 2024
Associate Software Engineer   *Gurugran India*

I have undergone comprehensive training in the Spring Boot framework, which has equipped me with valuable skills in developing enterprise applications using Java and the Spring Boot framework. This experience has honed my ability to create robust and scalable software solutions.

Comviva   Jan 2021 - Feb 2021
During my internship with the Managed Services-Domain Project at Airtel Mobile Money, I was part of the team overseeing operations across 14 African countries. I was tasked with managing IT infrastructure and end-user systems.

PROJECTS

Banking-Application: This Java Spring Boot application, integrated with MySQL, offers banking functionalities. Key Features: User Account Management with CRUD Operation — Deposit, withdraw, and transfer money between user accounts as needed — Apply for loans based on account balances, with automated processing. *(Git-Hub)*

Library Management Application: Using my Spring Boot and MySQL knowledge, I developed a seamless solution for managing users, books, and borrowing activities. This application empowers librarians to organize their collections while efficiently providing patrons with a user-friendly experience. Key Features: Effortless User Management and Book Management — Streamlined Borrowing Process — Flexible Integration *(Git-Hub)*

Dynamic Quiz Application: I developed a dynamic Quiz Application leveraging the Spring Boot framework to facilitate CRUD operations. This application enables users to customize quizzes based on specific categories and difficulty levels. I also created a Front end for user interaction with the help of HTML, CSS, and JavaScript. *(Git-Hub)*

CERTIFICATION

- Google Cloud: Building Scalable Java Microservices with Spring Boot and Spring Cloud
- Oracle: Java Explorer Badge

HOBBIES

Calisthenics, Photography, Sketching
